Police Activity in The Settlement Subdivision, November 2009 - April 2010

NOTES

This map shows the streets that are included in the analysis. The 1200 block of Old Settlers is included, as are the 2400-2700 blocks of Sunrise. In addition, a portion of the 3100 block of Settlement Dr. outside the subdivision is included due to the structure of the data tables.

The data source for this report is the Police Department's Computer-Aided Dispatch (CAD) database; these data are drawn from information police dispatchers enter as calls occur. The primary limitation of these data is that they may not reflect the actual nature of a call or its true final disposition. Some care should be exercised in interpreting the results presented here.
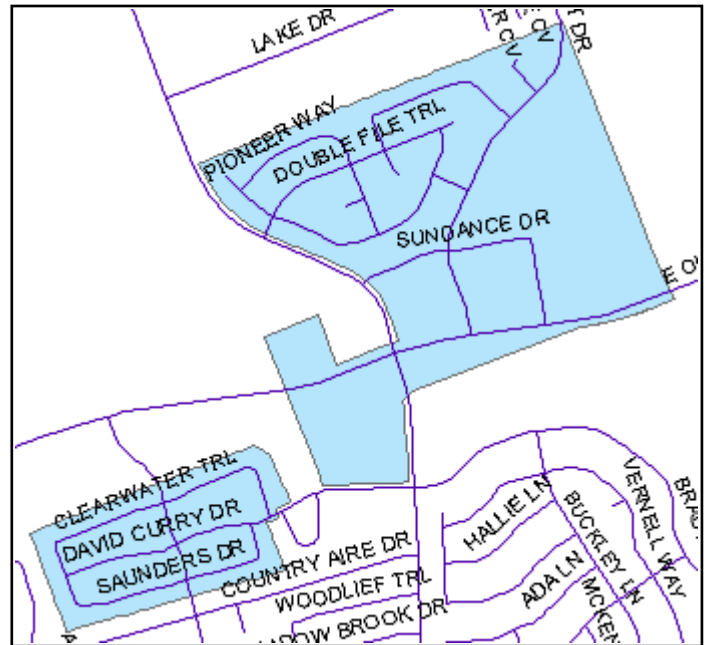

Traffic stops and animal-related calls are screened from the analysis.

Any questions regarding these results or the report's preparation can be directed to:
